CWASD VMware View Install For Windows

- 1. Open your web browser and browse to https://view.cwasd.k12.wi.us
- 2. Click "View Client for Windows" or for Mac depending on your operating system.

3. If you are running windows you will now need to know if it is 32Bit or 64Bit version. This can be done by right clicking on "Computer" or "My Computer" then select properties. In the middle of the screen under system it should show which version you are running.

4. Now click "View Download" on your version of Windows.

5. Then click "Download".
